- 4x Hot-Plug Tray !
- 250W PSU !
- Mini-ITX !
- NAS DIY !

The CFI-A7879 enables you to build a NAS-system (eg. with FreeNAS) on Mini-ITX basis. The enclosure offers 4x Hot-Plug SATA 3.5" drive bays and an internal 2.5" slot for the system drive. The internal 250W PSU offers enough power and the free PCI-slot on the rear side allows further expansion.

New with version 2 (V2) :

- 250W High-Quality PSU with 80%+ efficiency (instead of 200W PSU)

- Mesh design provide excellent ventilation
- Four Hot-Swap Enabled Front-loading trays fo reasy SATA HDD installation and removal
- 12cm fan at rear provides better cooling of HDD
- High quality rubber pads
