# Connecting CID700M / CID650

The following cable is included with the CID700M:

**CID 700M**

ACC = (ignition) +
12V = battery +
GND = battery -
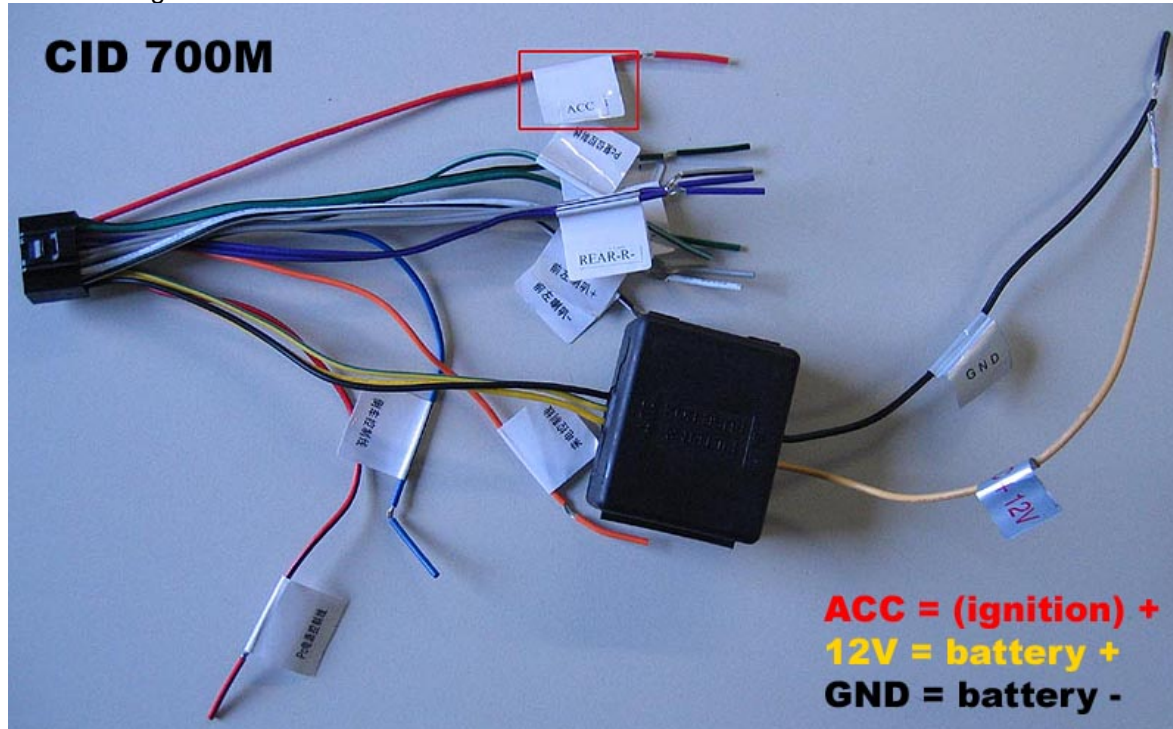

ACC can be connected to battery+ or ignition+.
The description „**ACC**" at the cable can differ and then it is called „**Light switch cable**"

"ACC+" or "Light switch cable" has the colour: red
"+12V" or "BATT" has the color: yellow
"GND" has the color: black

And the following cable is included with the CID650:

ACC+ = (ignition) +
BATT = battery +
GND = battery -
